

Records Storage & Document Management

Smart Records and Information
Management Without the Paper Chaos

World Class Facilities, Innovative Technology and People that care about the smaller details

Kefron provides records management solutions designed to take the pain out of paper processing. In many instances the mishandling of documentation can lead to process inefficiencies, lost or mislaid records, compliance issues and increased costs. It's an unnecessary additional worry in an already over-complicated world. **We make it simple.**

Find the Right Solution for Your Business

Our document management solutions help you manage and store hard copy records and electronic data which improve efficiencies and provide significant savings.

 Off-site document storage and management

 Secure media and data storage

 Vault storage for high-value documents

 Deed and legal document storage

 On-site records management services

 Online records management and access

 **Secure, Purpose-Built Records Centres**

We operate three records centres built to the highest international standards, featuring advanced security and fire prevention systems.

Advanced Records Management Services

Kefron offers a comprehensive suite of secure, compliant, and efficient records management services, helping organisations across Ireland protect sensitive information, streamline operations, and maintain regulatory compliance.

Increased Efficiencies & Lower Costs

WORLD CLASS DOCUMENT STORAGE

We collect your records directly from your premises and securely transport them to our purpose-built Records Centre. Our controlled processes and advanced technology ensure complete security and full audit visibility.

COMPLETE AUDIT TRAIL

Real-time indexing and barcode tracking provide full visibility from collection through storage, ensuring you always know the location of your files.

STATE-OF-THE-ART SECURITY

From satellite-tracked vehicles to secure vault storage and advanced fire protection systems, your documents are protected at every stage.

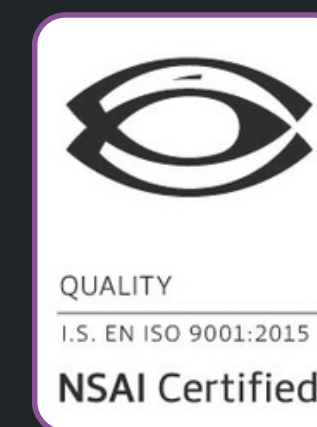

IRELAND'S ONLY FIRELOCK MEDIA VAULT

Our Firelock vault provides industry-leading fire protection for electronic data and backup media, delivering secure off-site storage for critical assets.

YOUR BUSINESS IS OUR PRIORITY

A dedicated account manager oversees your document and data requirements, delivering responsive service and professional support.

High-Security and Compliance with Local Flexibility

Seamlessly Bridging the Gap Between Physical Archives and Digital Access

A Smarter Irish Service Model

Unlike the 'one-size-fits-all' approach of many providers, Kefron provides a hyper-local Irish service model that prioritises responsiveness.

While competitors offer scale, Kefron offers precision and integration through the combination of team skills and advanced software, ensuring you and your team have the records they need, when they need them.

Irish-owned and operated

Irish-owned and operated with over 30 years of experience managing sensitive archives for more than 950 customers who actively recommend us.

Purpose-Built Security & Logistics

Operates two purpose-built, high-security record centres in Dublin and our own logistics fleet used exclusively for document transport.

Proven Service Excellence

Our Dublin-based service teams maintain an industry-leading Net Promoter Score (NPS) of 79 in 2025, significantly higher than the global average for large-scale storage providers.

Committed to Net Zero Delivery

Targeting net zero carbon emissions, all our vehicles run on HVO (hydrotreated vegetable oil) and 100% of our electricity supply is from renewable sources.
